

PARTICIPATION PLEDGE

Power UP for 30

• **MOVE** Your Body • **SHAPE** Your Mind •

THIS PARTICIPATION AGREEMENT is entered into on the _____ day of _____
(month & year) by _____ (school/district)

As part of the **POWER UP for 30** initiative, we will aim to implement a before, during, and/or after school strategy to incorporate 30 minutes (or more!) of physical activity into the school day for our _____ elementary schools. Our elementary schools and district representatives will work with the Georgia Department of Public Health throughout the year tracking our progress in these efforts. We will make an effort to participate in webinars, email contact, and training outreach conducted by the Department of Education, the Department of Public Health, and HealthMPowers.

This is our commitment to fostering an enhanced learning environment as we continue to strive for higher academic achievement. We will work together to pool our resources and collaborate with community members, parents, and nearby facilities to reach our goal of 30 minutes of integrated physical activity. Count us in for the **MOVE**ment to **SHAPE** minds!"
