Mission Statement

In partnership with our citizens, Gwinnett County Parks & Recreation provides high quality, broad-based parks, facilities, programs and services creating a sense of community, enabling a safe and secure environment, and enhancing Gwinnett's quality of life. The department promotes recreational opportunities to improve the quality of life for all citizens in Gwinnett County and makes reasonable modifications to programs, services or activities when necessary to promote participation by persons with disabilities.

SPLOST Success – Pennies for parks

In 1996 the Special Local Option Sales Tax (SPLOST) was approved by voters. The one-cent sales tax was extended in 2000, 2004, and 2008, and is essential in preserving greenspace and natural resources in Gwinnett County. This funding has provided many new trails, playgrounds, sports fields, aquatic centers and gymnasiums to improve the quality of life for Gwinnett's citizens.

Therapeutic Recreation

Gwinnett County Parks & Recreation believes ALL members of the community should have access to fun, healthy, positive recreation. Therapeutic Recreation offers specialized and inclusive community-based programs for individuals with special needs. We seek to provide residents who have physical, economic and or behavioral challenges the opportunity to participate in competitive sporting events, specialized classes, creative activities and special events.

Therapeutic Recreation exposes participants to new experiences to increase self-esteem and self-confidence and to promote community involvement and independence. That's what Therapeutic Recreation is all about! For more information on Therapeutic Recreation, contact cstr@gwinnettcountry.com or 770.822.5414. For specific accommodations or questions, please contact Janice Rinaldo at janice.rinaldo@gwinnettcountry.com.

Specialized Programs are open to everyone, but are designed to meet the unique needs of individuals with physical, mental and/or emotional disabilities. Programs include sporting activities, adaptive aquatics, arts & crafts and much more!

Inclusive Programs provide reasonable accommodations to people with disabilities upon request. Successful participation and accommodations will only be possible with the commitment of both the recreation staff and the participants. A reasonable accommodation is assistance provided to aid individuals with disabilities with their participation. Some minimum eligibility requirements may be required in order to participate. With a reasonable accommodation, an individual can meet the basic need or essential requirements for participation.

Participants are asked to notify the recreation department regarding any and all accommodations necessary for participation at least one week prior to the program start date. If accommodation requests are made less than two week, Gwinnett County Parks & Recreation will make every effort to meet the request. If we are unable to meet the request in time, Gwinnett County Parks & Recreation reserves the right to limit or deny registration for the requested session. However, the participant will be eligible to register for another program later in the session. Visit www.gwinnettparks.com for more information on Therapeutic Recreation.

Volunteer opportunities are available for special needs youth and adult therapeutic recreation programs, park landscaping and park improvement projects. If you are interested in volunteering with Therapeutic Recreation, contact Kim Shealy at 770.418.2331 or kim.shealy@gwinnettcountry.com.

The mill was built on the Alcovy River between 1868 and 1879 by brothers John Griffin and Levi J. Loveless and was one of 1,262 water-powered mills in the state during that time. After the Loveless brothers ran the mill, W. Scott Freeman and his son, Winfield, owned it until it was purchased in 1915 by Newt Pharr. By 1996, it was said to be one of only 15 mills in the state in working order and the only one in Gwinnett County. The county purchased the mill from the Pharr family in 2001 and in 2009 restored the mill and surrounding 12 acres for education and recreational use.

• Listed on the National Register of Historic Places • Museum houses artifacts relating to Gwinnett County history • Tours available

Originally built in the 1830s, this historic building was first used as a finishing school for the county's young women. A fire destroyed the original structure and a new building was constructed in 1855. Later the Female Seminary was converted into a "civic center" for community activities, meetings, clubs, seminars, and at one time even housed a local radio station! It houses the **Gwinnett History Museum**, interpreting life in early Gwinnett County with exhibits relating to farming, textiles, religion, schools and more.

This former cotton farm is relatively unchanged since its drawing in the 1820 land lottery. In the early 1900's, it was a thriving farm. In later years the farm housed sharecroppers and experienced the struggles of the Great Depression and the boll weevil. This story comes to life in the property's original barn, well house, chicken coup, blacksmith shed and restored tenant farmer house.
